

VIRTUS
Equestrian Dressage Rules for
Athletes with an Intellectual Disability
2nd edition, effective 1 January 2024
All Competitions should be conducted in English
Changes for 2024 shown in red

2024 V4 9.1.24

GOVERNANCE, CODES OF CONDUCT AND VIRTUS GENERAL REGULATIONS AND RULES

The policies and procedures explain how the organisation is managed, its rules and regulations. All Members are required to adhere to the rules and regulations set out, and event organisers should consult sport and event specifications carefully.

Below you will find links to all of the codes of conduct, governance and by-laws that control all VIRTUS activities, members and officials.

1. Objectives of Dressage for Riders with an Intellectual Impairment

The objective of Dressage for Riders with an Intellectual Impairment is to promote their inclusion in the Equestrian Dressage Community and the Equestrian Community as a whole. In addition, the objective for dressage for riders with an Intellectual Impairment is the same as for Equestrian Dressage riders, mainly to improve balance, control, mobility, memory and self-esteem.

For the Virtual and Live competitions there are two degrees of difficulty.

Performance Level

For the Performance Level we use for II-1 and II-3 the FEI Grade IV Novice B and Intermediate A Tests. They include walk, trot, canter and lateral movements. Whilst these Tests are written for a 20 x 60 arena, for the Virtual Competition and International Competitions with borrowed horses they will all be ridden in a 20 x 40 arena.

For II-2 we are using the FEI Grade III Novice A and Intermediate B Tests. These Tests are challenging the riding skills of the II-2 Equestrian Dressage Riders.

In all tests the initial halt on entry is removed.

Development Level

For the Development we use for all three groups the FEI Grade II Novice A and Intermediate A Tests. These tests will not be used for international onsite championships and all tests will be ridden in a 20 x 40 arena.

In all tests the initial halt on entry is removed.

The objective for the dressage horse is to harmoniously develop its physique and ability, making the horse calm, supple, loose, and flexible, but also confident, attentive, and keen, thus achieving perfect understanding with its rider.

These qualities are revealed by the freedom and regularity of the paces, the harmony, lightness and ease of the movements, the lightness of the forehand and the engagement of the hindquarters, originating in a lively impulsion and

the acceptance of the bridle, with submissiveness throughout and without any tension or resistance.

The horse thus gives the impression of doing of his own accord that which is required of him. Confident and attentive he submits generously to the control of his rider, remaining absolutely straight in any movement on a straight line and bending accordingly when moving on curved lines. In all movements the purity of the paces, rhythm and acceptance of the bridle.

2. The VIRTUS Equestrian Dressage Committee

The VIRTUS Equestrian Dressage Committee is formed of VIRTUS members and professionals in their field representing different global regions. Its goal is to:

- develop aligned guidelines, programs and pathways for participation and competition in Equestrian Dressage for Riders with an Intellectual Impairment globally,
- provide the Classification of Riders with an Intellectual Impairment,
- maintain and update the VIRTUS Equestrian Dressage Rule Book.

The VIRTUS Equestrian Committee endorses the FEI Code of Conduct and acknowledges and accepts that the welfare of the horse must be Equestrian Paramount and must never be subordinated.

The rules stated in this VIRTUS Equestrian Dressage Rule Book are to be adhered to by all Riders and anyone associated with them when joining global competitions under VIRTUS. When not otherwise stated, the FEI Equestrian Dressage Rules will be in place. If an issue cannot be resolved by the rules stated in this Rule Book and the FEI Equestrian Dressage Rules, it will be the duty of the Judges and Official Stewards together with the head of the Organising Committee to make a decision in a sporting spirit.

3. Horse Welfare

- *Horse Welfare:* The highest standard of horse welfare must be adhered to. Where these specific rules do not cover a particular issue, the FEI Code of Conduct for Horse Welfare will be adopted.
- *General Welfare:* Good horse management, stabling and feeding must be compatible with the best horse management practices. Clean, good quality hay, feed and water must always be available.
- *Training methods.* Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.
- *Farrier, foot care and shoeing must be of a high standard.* Tack must be designed and fitted to avoid the risk of pain or injury.
- *Transport.* During transportation horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the horses.
- *Transit.* All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

3. 1. Fitness to compete:

- Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed a suitable rest period between training and competitions and additional rest periods should be allowed following travelling.
- **Age.** All athletes need to be a minimum of 14 years of age to compete at face to face championship and games. There is no minimum age for video competitions.
- *Health status.* No horse deemed unfit to compete may compete or continue to compete. Veterinary advice must be sought whenever there is any doubt.
- *Doping and Medication.* Any action or intent of doping and illicit use of medication constitute a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full

recovery before Competition.

- *Surgical procedures.* Any surgical procedures that threaten a competing Horse's welfare or the safety of other horses and/or Athletes must not be allowed.
- *Pregnant/recently foaled mares.* Mares must not compete after their fourth month of pregnancy or with a foal at foot.
- *Misuse of Aids.* Abuse of a horse using natural riding aids or artificial aids (e.g., whips, spurs, etc.) will not be tolerated.

3. 2. Events must not prejudice Horse welfare:

- *Competition areas.* Horses must be trained and compete on suitable and safe surfaces. All competition conditions must be designed with the safety of the Horse in mind.
- *Ground surfaces.* All ground surfaces on which horses train or compete must be designed and maintained to reduce factors that could lead to injury.
- *Extreme weather.* Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the horse. Provision must be made for cooling conditions and equipment for horses after competing.
- *Stabling.* Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the horse. Washing-down areas and water must always be available.
- *Falls of horse and or rider.* If either or all of the combination being athlete or coach suffer a fall, they must be medically and veterinarian examined and deemed fit to compete before proceeding further with training or competition. If there is a fall of either horse or rider while in the competition arena it is automatic disqualification from that particular competition. Combinations will only be permitted to continue if deemed medically fit.

3. 3. Humane treatment of horses:

- *Veterinary treatment.* Veterinary expertise should be available at an Event. Where the competition is a championship then the veterinarian must be on site. If a horse is injured or exhausted during a Competition, the Athlete

- must stop competing and a veterinary evaluation must be performed.
- *Referral Centers.* Wherever necessary, horses should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured horses must be given full supportive treatment before being transported.
 - *Competition Injuries.* The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.
 - *Euthanasia.* If injuries are sufficiently severe a horse may need to be euthanised on humane grounds by a Veterinarian as soon as possible, with the sole aim of minimising suffering.
 - *Retirement.* Horses must be treated sympathetically and humanely when they retire from Competition.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and VIRTUS will always revert to the most recent version of the FEI Veterinary Rules.

4. Eligibility & Classification

Eligibility

Please refer to the eligibility criteria as shown on the VIRTUS Website.

All riders who fulfill the VIRTUS eligibility criteria fall under the rules set in this Rule Book.

To be considered eligible to compete as an athlete with an intellectual impairment, athletes must fulfill the eligibility criteria as defined by VIRTUS which are based upon the World Health Organization (WHO) and the American Association on Intellectual and Developmental Disabilities (AAIDD).

VIRTUS now recognizes 3 different classes, II-1, II-2 and II-3

- II1 - Athletes with an intellectual disability
- II2 – Athletes with an intellectual disability and significant additional

- impairment
- I13 – Athletes with Autism

For details on eligibility follow link: [please download using this link](#)

Once the sport is established for athletes with an Intellectual Impairment, an Agreement will be proposed to the FEI for an II Classification criteria to be developed.

Classification rules will be developed to establish that the individual's intellectual impairment has an impact on their sports performance as an Equestrian Dressage Athlete.

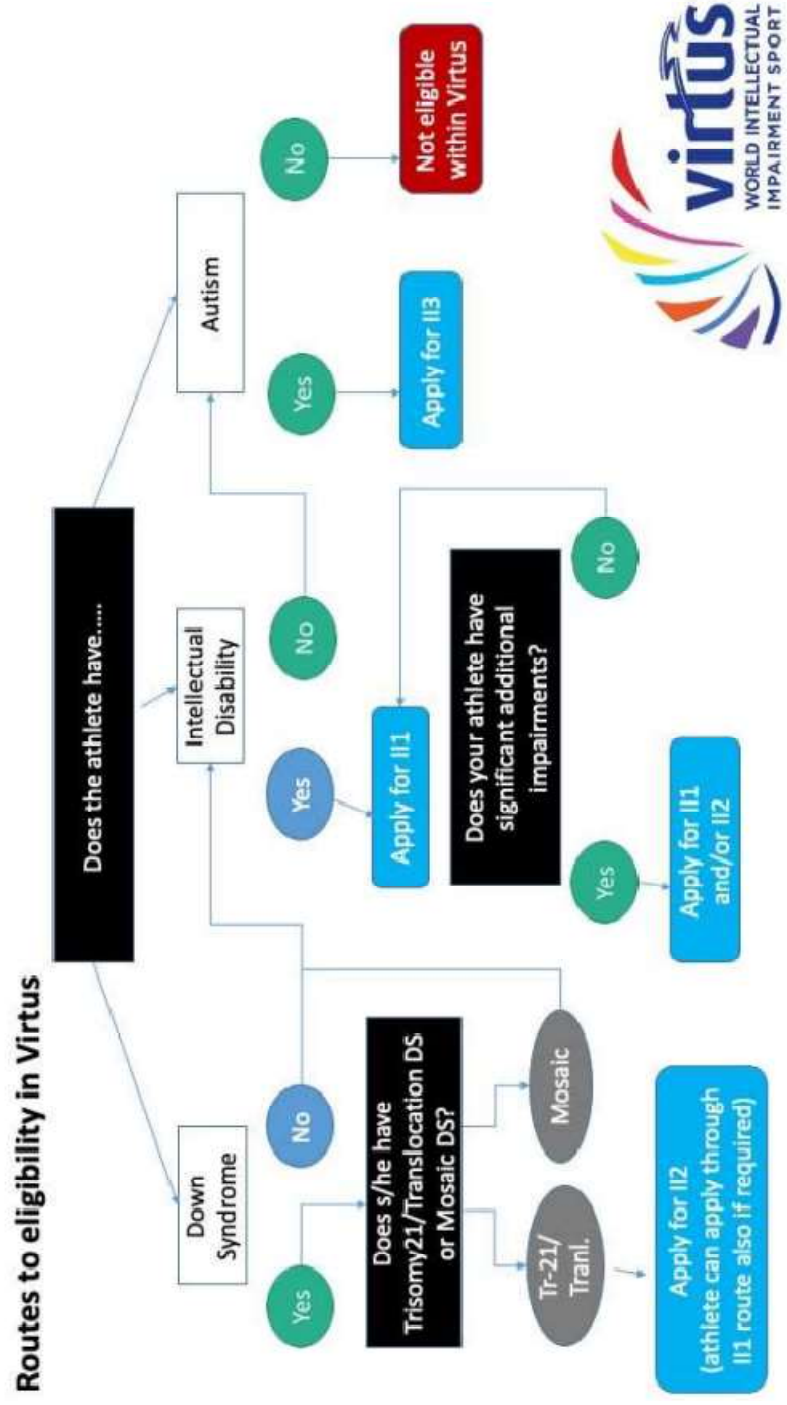

While for National competitions national eligibility with a lower amount of evidence is sufficient, for international competitions international eligibility is required. Therefore, it is suggested to apply directly for international eligibility. Details of the eligibility requirements are on the VIRTUS website: [please download using this link](#)

Relevant FEI Profile

FEI Profile 39 is for an Intellectual Impairment. Currently this profile is ineligible. According to the FEI Equestrian Dressage Manual for Classifiers – April 2018, update and effective January 2022. Unless the individual has a movement and mobility/eligible vision impairment also.

For a detailed explanation of the eligibility process within VIRTUS please see the flow diagram that follows:-

APPENDIX 3 – ROUTES TO VIRTUS ATHLETE ELIGIBILITY

5. Dressage Tests

In Equestrian Dressage for Riders with an Intellectual Impairment the following tests will be used:

In international live competitions the team test is used for the team competition, the individual test is used for the individual championship competition. For riders without or not in a team it is also compulsory that they ride the team test as a warmup.

For video competitions all tests are ridden in a 20 x 40 arena.

At live competition where borrowed horses are being used, all tests will be ridden in a 20 x 40 arena. Performance Tests for II1 and II3 can also be ridden in a 20 x 60 arena but only where there are no borrowed horses.

Please note that all tests ridden for Virtus Competitions and used under the agreement of the FEI the initial halt on entry will be removed.

5.1. Performance Level

All tests have been renamed in accordance with FEI changes from 1 January 2024.

- II 1 & II 3 Team Test will be Grade IV Novice B
- II 2 Team Test will be Grade III Novice A
- II 1 & II 3 Individual Tests will be Grade IV Intermediate A
- II 2 Individual Test will be Grade 3 III Intermediate B

For the VIRTUS VIRTUAL TEAM CHAMPIONSHIPS riders have to provide videos of the above two tests. These videos must be recorded from C with a clear introduction showing the day's newspaper and an introduction of rider name, horse name and which test is being ridden. These videos may only be submitted on Youtube and must be recorded keeping the horse in the middle of the screen at all times. Failure to submit clear video may result in elimination.

5. 2. Development Level

- The Grade II 2023 Novice Test A & B are the 2022 Introductory Tests A & B
- The Grade II 2023 Intermediate Test A & B are the 2022 Novice test A & B

5. 3. For Live Competitions

For Performance Riders use FEI Novice and Intermediate tests as stated above, with the difference that the Halt in the first movement is omitted:

The Tests can be found on the FEI website: [please download using this link](#)

5.4 Use of Headsets for test to be Commanded during competition

If an athlete has the test read to them while competing in live competitions with a headset, a 3-way headset must be used. The rider will wear one ear piece, the commander the 2nd and the designated official will wear the 3rd. All three ear pieces must be workable to enable the official to hear any two-way conversations.

5.5 Riding own horse in a live competition

All athletes riding their own horse in a live competition where others are riding borrowed horses will have a 0.5 percentage point from their final score deducted.

6. Equipment (Rider & Horse)

6. 1. Riding Wear

All riders should wear an outfit as stated in the FEI Para Dressage Rules, however the riders may wear jodhpur boots and black or brown leather half chaps.

6. 2. Compensating Aids

Standard Aids (all riders may use these)

- Salute with head only
- Sitting or rising trot
- Sign language
- Use of Voice (athlete)

- Test Caller (must be recorded for video competitions) and escorted in live competition.
- Safety vest (including inflatable)
- Gloves
- 1 whip (max length 120cm)
- A pair of matching spurs (without rowels or offset)
- Reins of any type – but must not be attached to the saddle (multi coloured reins permitted)
Any kind of auxiliary reins are strictly prohibited
- Saddle – any type
- No stirrups
- Seat Savers
- Soft hand-hold (30cm max length) Firm hand hold max dimensions 10 x 30 cm
- Firm hand-hold max dimensions 10 x 30 cm
- Breast plate and/or neck strap
- Any stirrup irons permitted by FEI Para Dressage (including magnetic and enclosed)
- Elastic bands on stirrups
- Strap from stirrup leather or stirrup to girth (must use safety stirrups if taking this option)
- Any FEI permitted snaffle bit or Weymouth
- Double bridle
- Split reins
- Elastic inserts in reins
- Knotted Reins
- Looped Reins
- Bar reins
- Marker Beepers

Dispensations

A Dispensation Panel has been formed that approves the use of any non-standard compensating aids. It currently consists of Mary Longden and Amanda Rodgers, with Jana Kulichova, as The Technical Adviser. This Panel will evaluate on issues other than rider safety and permission must be gained prior to competing.

Examples of areas that may come under consideration by this Panel include:

- Use of Velcro
 - Multiple whips
 - Adapted gloves
 - Attachment of stirrup irons or leathers to girth with a Velcro strap
 - Foot reins
 - Any adjustment to a standard saddle design
- * Saddles must be no deeper than 12mm and is measured as below

Not permitted:

- Electronic communication devices
- Reins not directly from the horse's mouth to the rider's hand
- Leaders and side walkers

If an athlete has compensating aids from Para Equestrian these must be pre-notified and accepted by the Compensating Aids Panel of Virtus Equestrian prior to use in any video or live competition.

Additional Rule for VIRTUS Competitions

A friendly horse is permitted for all riders. This horse must be held by a handler and be in a bridle. It should be positioned a minimum of 5m from the edge of the arena and must be at the A end of the arena.

All riders may be led around the outside of the arena prior to starting their Test. They must be released at A. The handler must have an attached lead rope and not interfere at any time with the reins.

A helper may stand at each corner (4) of the arena for safety during the Test. They may not speak and they must be a minimum of 5m from the edge of the arena.

Visually impaired riders are allowed to be led or ride independently once around the inside of the arena in each direction. If required, they may commence their Test from within the arena.

7. Competition Rules

Competitors must have gone through the eligibility process set by VIRTUS and appear on the VIRTUS Master list.

All competitors must adhere to the current rules as shown in the FEI Equestrian Dressage Rule Book, and any addendums to the rule book.

No horse may be ridden in advance of the athlete by a coach at Video competitions. If two riders are sharing the same horse, the riding of the horse by the first athlete is acceptable.

At live (not video) competitions no horse may be ridden by anybody other than the athletes who are competing the horse after the start of the competition (horse inspection).

Horses may be lunged by a designated person but may only be lunged unmounted wearing equipment in accordance with FEI lunging guidelines as stipulated in the Para Equestrian rules.

At live competitions a schedule of trial, exercising, schooling and coach assessment will be produced on non competition days. If for safety reasons on competition days a horse requires any coach intervention this must be addressed to the OC in advance.

8. Rules for Video Competition

Tests should be ridden and will be judged according to the rules of this VIRTUS Equestrian Dressage Rule Book.

- Modifications have been made to facilitate Virtual judging:
For the Virtual competition all tests will be ridden in a 20x40 arena. Riders using the wrong sized arena will not be judged and will be disqualified.
- Videos of Tests must not be entered if they have already been judged in another competition. For this reason, horses must wear bandages or boots.
- The videographer must stand well behind C. All recording must be in landscape.
- The quality of the video must be so that it can be judged keeping the horse central in the frame of the picture throughout with minimal zooming in and out.
- Sound must be recorded to ensure the rider is not receiving coaching during the Test.
- The video must be in one take, without cuts.
- Videos will only be accepted in You Tube format with a password if required
- Horses and ponies can be ridden by two riders of a Team.
- Entry Fees. Will be paid online to VIRTUS via the entry platform, Horseevents, in line with VIRTUS event entry Terms and Conditions.
- A date will be set for the competition and a rider/horse combination may submit one or two entries out of the three different Tests offered.
- Electronic Certificates will be awarded to the riders placed 1 to 6 in each of the Tests.
- Regarding the outfit of the rider and equipment of the horse, please refer to the rules in this book.
- Any kind of auxiliary reins are forbidden. Using of auxiliary reins will lead to disqualification.
- A Commander may be used.
- The Salute should be with the reins (and whip) in one hand and the free hand lowered to the rider's side. The rider should nod his head. Riders can also salute with the head only.
- If there is a Team competition, Teams can be made up of three riders or

more, but only the top three scores will count. A nation may enter only one Team.

9. Global Games & Regional Games

All riders must be internationally VIRTUS Registered, have competed in a nominated Virtual Competition in the 12 months before the date of the competition, each competition will have its own dates and should be referred to via the schedule for the event.

Athlete will have achieved a minimum of 58% in the virtual competitions or Regional/World Games within the 12 months prior to the Championship or any other event defined as being qualifiers.

Horses must be assessed as fit to compete.

Athletes' owners, trainer and supporters must adhere to the Code of Conduct and directives of Official at all times.

Horses will be presented to the Vet on arrival at the Show. Failure to be deemed fit to compete or be vaccinated in accordance with local veterinary protocol will result in elimination.

There will be a formal horse inspection for all horses within 24 hours of the start of the first competition day. Failure to pass this inspection will offer athletes one of the following options:

- Re-present later in the day or before the commencement of the first athlete competing on the first day of competition.
- Withdraw from competition
- Represent at the end of the Horse Inspection
- the decision of the Ground Jury and Veterinarian is final and cannot be contested.

All tack and equipment will be in accordance with the current years FEI Rules

Attendance at all Prize Giving's is compulsory, failure to do this may result in elimination from all competitions at the relevant event. The only exceptions are

on production of a Veterinarian certificate or Doctor's letter.

Athletes who opt not to ride for 2 consecutive days will forfeit prizes unless a Doctors or Vet Certificate is provided.
