SECTION 4: POLICIES

4.20 PROTOCOL GUIDE

3. VIRTUS AND NATIONAL ANTHEMS

- 3.1.1. The Virtus anthem is available in two versions – one short and one full. The Virtus anthem does not have lyrics.
- 3.2. Availability and use of the Virtus anthem
 - 3.2.1. Virtus will provide (upon request) recordings of the Virtus anthem in short and full. All the intellectual property rights remain with Virtus.
 - 3.2.2. It is mandatory for the full version of the Virtus anthem to be played on the following occasions:
 - Opening Ceremony of the Championships
 - Closing Ceremony of the Championships
 - 3.2.3. When the Virtus anthem is playing during the Opening and Closing, it is customary while not obligatory, for those people who are able, to stand as a sign of respect
 - 3.2.4. It is mandatory for the short version of the Virtus anthem to be played on the following occasions:
 - During the athlete walk on in medal ceremonies and during the medal awards
- 3.3. National anthems
 - 3.3.1. The LOC must, respecting legal requirements, acquire a shortened version (approximately 75 seconds) of the national anthem of all the countries and regions participating in the Championships. The LOC should take the opportunity to have all of the anthems checked and confirmed in writing by the respective countries on the occasion of the Team Leaders/Technical Meeting meeting prior to the commencement of the Championships.
 - 3.3.2. For some sports with a high number of medal ceremonies (athletics and swimming), Virtus recommends to even use shorter versions of the national anthems (at most 60 seconds) to better compliment the tight competition schedules.

4. FLAGS

- 4.1. Virtus flag
 - 4.1.1. The Virtus flag features the Virtus logo, always on a white background.
 - 4.1.2. The Virtus flag should fly for the entire duration of the Championships and Global Games in a prominent position in the main competition venue (or location as determined by Virtus) and in all other venues placed under the responsibility of the LOC.
 - 4.1.3. Care should be taken to ensure the flag appears the right way round at all times (not upside down or back to front) and that the correct logo is used (see below).
 - 4.1.4. The correct logo does not contain any additional wording or letters, only 'Virtus'.
 - 4.1.5. The Virtus flag in the main venue is hoisted during the Opening Ceremony and lowered during the Closing Ceremony of the Championships or Global Games.
 - 4.1.6. The LOC is responsible for producing all required Virtus flags for the Championships and

SECTION 4: POLICIES

4.20 PROTOCOL GUIDE

Global Games.

- 4.1.7. There is a 2:3 ratio (2 height x 3 length e.g. 1.5m x 2.25m) as the standard ratio for the Virtus flag. A clear isolation area shall appear around the Virtus logo. Flags should be produced according to these specifications with the prior approval of Virtus.

- 4.1.8. The official colours of the Virtus logo are provided in the Brand Book available from Virtus

4.2. General usage rules for flags

- 4.2.1. Great care must be taken to ensure that all flags are produced according to the correct specifications regarding colour, design and orientation.
- 4.2.2. The LOC is responsible for providing all required flags including the protocol set and national flags.
- 4.2.3. It is not advisable to ask countries to bring their own flags. This is because every country will bring different sizes. Therefore medal ceremonies and flags in the venue will not look professional or consistent. Additionally, countries and athletes may try to use medal ceremonies to make a political statement by using an incorrect or modified flag. See 'sizes of country flags' for more information.

4.3. Sets of flags

- 4.3.1. LOCs are advised that having two sets of flags is the easiest way to ensure enough flags are available for all protocol requirements.
- 4.3.2. Opening and Closing Ceremonies
- Protocol set of flags
 - Flag of each participating country in alphabetical order according to English or the official language of the host country.
- 4.3.3. Competition venues(s)
- Protocol set of flags

SECTION 4: POLICIES

4.20 PROTOCOL GUIDE

- Flags of the countries participating in the respective sport (in alphabetical order according to English or the language of the host country. The flag of the host country should fly in the last position)

4.3.4. What is a protocol set of flags?

- Virtus flag
- Flag of the host country
- Flag of the LOC and/or host city (depending on circumstances)

4.4. Numbers of flags to purchase

4.4.1. For all sports it is possible that more than one athlete from the same country could win a medal (for example, three South African athletes). Therefore at least three flags for each country must be produced and available in all venues for use during medal ceremonies.

4.4.2. It is also possible in some sports that there could be a tie for one or all medal positions. Therefore it is possible, although unlikely, that six South Africans could win medals. Therefore LOCs must be prepared for any of the different medal scenarios to avoid an athlete being without a flag during a medal ceremony.

4.5. Sizes of country flags

4.5.1. Country flags are traditionally produced in many different sizes and shapes. However, the flag protocol dictates that when massed in a display, all flags should be identical in size, to avoid that some flags could stand out more than others.

4.5.2. Therefore, a standard 2:3 ratio (2 height x 3 length, e.g., 1.5m x 2.25m) has been established as the standard ratio for flags during the Championships and Global Games. Any variation of this rule requires Virtus approval.

4.5.3. All designs of flags must be approved by each country before the production and signed off at the Team Leader's/Technical meeting prior to the start of the Championships.

4.6. Precedence of flags at ceremonies and competition venues

4.6.1. When viewed from the front, flags should be displayed from left to right beginning at the point of honour. In general, the point of honour is to your left when looking from the VIP seating area towards the Field of Play.

4.6.2. All flag displays should begin with the protocol set. As host, the flag of the host country should fly last in the set of competing country flags. In general, all flags should be evenly spaced and displayed at the same level.

4.6.3. Note: Should the host country belong to the EU, the European Union flag may be added to the protocol set depending on the constitutional requirements of the host country.

4.20 PROTOCOL GUIDE

4.7. Flags for Victory Ceremonies

- 4.7.1. All flags, at both indoor and outdoor locations, will be raised in the horizontal format. Flags will be raised in the following formation when viewed from the athletes' position on the medals podium:

Silver Gold Bronze

4.8. Tie

- 4.8.1. If a tie occurs, two flags may be flown from the same pole during Victory Ceremonies. The flags will be hung in alphabetical order of the language of the host country from top to bottom.
- 4.8.2. Two flags should not be flown from the same pole under any other circumstances, UNLESS there is a tie for a medal position and a horizontal flag pole is used (see next page). In this case, one flag may be hung from above the other.

4.9. Flag poles for medal ceremonies

- 4.9.1. Flag poles and real flags are preferred over any digital representation of flags using a screen/projector/computer etc. However consideration must be given to whether the venue is inside or outside.
- 4.9.2. If the venue is outdoors, the wind may help the flags to be seen. If a ceremony venue is indoors there will be no wind to blow the flags.
- 4.9.3. The best solution is to source flag poles where flags can be hung, and raised, horizontally:

SECTION 4: POLICIES

4.20 PROTOCOL GUIDE

4.10. Country flags

- 4.10.1. The LOC must acquire the national flags of all the countries and territories participating in the Championships and Global Games. The LOC must ensure that all the flags are checked and confirmed in writing by the respective countries prior to the commencement of the Championships or Global Games.

4.11. Flag handling

- 4.11.1. Protocol requires certain etiquette when handling a flag, a country's foremost symbol:

- Flags should be folded when carried to and from flagpoles
- No flag should be raised in a position inferior to another flag
- No flag should be smaller than another
- Flags should be securely fastened so as not to fall
- When a flag visibly deteriorates, it should be replaced with a new one
- Flags should never touch the floor

- 4.11.2. Athletes are not permitted to take flags of any kind (including country flags) onto the podium. Athletes must be checked before they walk out for their medal ceremony for flags of any kind.

5. OFFICIAL LANGUAGES

- 5.1.1. The official language of Virtus is English.
- 5.1.2. The official language(s) of the Virtus sports Championships are English, and the language that is officially recognised as official language of the host country.
- 5.1.3. Note: Should the host country have more than one official language, then the language that is officially recognised as the first language of the city/country shall be used.

6.3.2. Please note here that accessible seats also need to be available should any guests with impairments from the wider Para sport family attend.

- Co-ordination with medal ceremony team for accompanying the presenters to the medal ceremony preparation area.

6.4. Venue flag protocol

- 6.4.1. At the competition venue, the LOC protocol function ensures that the flags displayed are accurate and reflect internationally recognised protocol. The protocol function manages issues including torn or damaged flags.

 - Coordination of medal presenters (e.g. ensuring they arrive on time and know what to do)
 - Flag management (e.g. ensuring the correct flags are ready for the medal ceremonies; ensuring all flags are displayed correctly in the venue(s))
 - Taking care of Virtus representatives and other accredited guests
 - Ensuring that athletes do not have any additional flags or symbols to take onto the podium

7. OPENING AND CLOSING CEREMONIES

- 7.1.1. An official Opening and Closing Ceremony must take place at every Virtus Championships and Global Games. These cannot be replaced by any kind of other event (e.g. a gala dinner or athlete party).
- 7.1.2. However, Opening and Closing Ceremonies do not need to be large, long or expensive.

SECTION 4: POLICIES

4.20 PROTOCOL GUIDE

7.2. Virtus approvals

- 7.2.1. The Opening and Closing Ceremony programme must be submitted to Virtus in a timely manner for approval. Depending on the scale of the ceremony, the LOC should consider incorporating artistic parts which are usually connected with the host country traditions, history and creativity.

7.3. Dates

- 7.3.1. The Opening Ceremony usually takes place one day before the start of the competitions and the Closing Ceremony after completion of the last event/match. Depending on the overall size of the Championships, Virtus will consider different formats and timings for the Opening and Closing Ceremonies. The concepts need to be submitted to Virtus for approval.

7.4. Virtus official box and stands management

- 7.4.1. The Virtus official box is a dedicated area inside the stadium/venue with assigned seating for the highest representatives of Virtus, the LOC and local government/city. - 7.5.2. Official speeches taking place during the ceremonies must be translated into the official language of the host country and English and displayed on the video boards of the venue (where applicable).

7.6. Flag protocol

- 7.6.1. The Protocol team ensures that the flags are displayed as specified in section 3 of this guide.

7.7. Protocol order at the Opening Ceremony

- 7.7.1. Protocol elements within the Opening Ceremony are fundamental to the correct communication of the Virtus values and ideals. Therefore, while artistic segments may be interspersed between these protocols, the protocol elements stated below must be placed in the following order:

1. Introduction of the most prominent representatives of the Virtus, LOC and host city

The highest representatives of Virtus, the LOC and host city will be officially introduced by the master of ceremony (MC).

2. Playing of the national anthem and hoisting of the host country's flag

After the introduction, the national anthem of the host country is then played or sung, as the host country's flag is hoisted. While patriotic, the LOC shall not make this moment political or more than a solemn and reverent raising of their national flag.

SECTION 4: POLICIES

4.20 PROTOCOL GUIDE

3. Parade of the athletes

The parade of the athletes is the next required element of protocol. Each delegation dressed in its official uniform must be preceded by a name-board/placard bearing its name (in English and/or the language of the host country) and must be accompanied by its flag, to be carried by a member of the delegation. The flags of the participating delegations, as well as the name-boards shall be provided by the LOC and shall all be of equal size.

An example of the name board and name board bearer, athlete carrying the flag and formation of teams wearing official uniform during the athlete parade at an Opening Ceremony.

The name-board bearers shall be designated by the LOC. The flag bearers shall be designated by the country.

The delegations parade in alphabetical order according to English or the language of the host country. Please note that the team of the host country enters the stadium/venue last.

The delegations shall parade past the official Virtus box after entering the stadium/venue. Each delegation, after completing its march, proceeds to the seats that have been reserved for it in order to watch the ceremony. Seats must be made available for all non-parading participants.

All delegations including the host country's delegation shall be treated equally. Their flags, name-boards, entry music, announcements, and all other acknowledgements shall be the same. No single country shall receive greater attention than any other.

Under specific circumstances, the LOC could also submit a request to Virtus for a flag parade (only the flag bearer of the team plus one volunteer carrying the placard).

SECTION 4: POLICIES

4.20 PROTOCOL GUIDE

Note: It is important to note that whilst different parades of athletes will be considered, at least one athlete from each country must march during the Opening Ceremony. Athlete involvement in this protocol element is essential.

4. Official speeches

After the athletes have all entered, the official Virtus representative, accompanied by the president of the LOC, proceeds to the official rostrum. There, first the president of the LOC gives a speech of welcome of not more than three (3) minutes duration and shall subsequently introduce the highest Virtus representative.

Should the mayor of the host city wish to address some words of welcome, this can be done prior to the speech of the LOC President.

5. Opening of the Championships

Without any further comment or speech, the highest official representative of the host city/country then declares open the Championships by saying: *"I declare open the (year) (Virtus sport name) Championships or [Regional] Championships"* (e.g., "I declare open the 2018 Virtus Tennis World Championships")

During the entire period of the Virtus Championships, including all ceremonies, no speeches of political nature may be held by any representative of any government or other public authority, nor by any other politician, in any venue placed under the responsibility of the LOC. During the Opening and Closing Ceremony, only the Virtus representative, the LOC President and the mayor of the host city are entitled to deliver short addresses.

6. Raising the Virtus flag and playing the Virtus anthem

After the Championships have been declared open, the Virtus flag, unfurled horizontally, is brought into the stadium/venue accompanied by respectful and dignified music of national origin. When the flag reaches the base of the flagpole, the Virtus anthem is played as it rises to the top of the pole.

The Virtus flag must fly on the most prominent pole in the stadium/venue for the duration of the Championships, through the end of the Closing Ceremony.

7. Swearing of the oaths

- Athletes' oath

After the Virtus flag has been raised, a competitor of the host country mounts the official rostrum. They will then say the following words:

"In the name of all competitors, I promise that we shall take part in the INSERT NAME OF EVENT, respecting and abiding by the rules that govern them, respecting our fellow competitors and officials and committing ourselves to a sport without doping, in the true spirit of sportsmanship, for the glory of sport and the honour of our country."

- Officials' oath

Immediately after the athletes' oath, a judge of the host country mounts the rostrum and, in the same manner, recites the following oath:

"On behalf of all judges and officials at the INSERT NAME OF EVENT we make this oath:

We declare we will apply the rules, in a manner that is fair and equitable to all competitors; showing

4.20 PROTOCOL GUIDE

complete impartiality, and respecting the abilities and rights of all concerned.

We will endeavour to encourage the true spirit of sportsmanship through our professional approach to our duties and the fairness of our decisions and actions."

Then right after the officials' oath, a coach from the host country mounts the rostrum and, in the same manner, recites the following oath:

"In the name of all those that surround and support the athletes, I promise that we shall commit ourselves to ensuring that the spirit of sportsmanship and fairplay is respected."

3 Entry of nations' flags

The entry of the nations' flags is the next element of the Closing Ceremony. All of the nations' flags enter the stadium/venue. The flags enter in alphabetical order according to English and/or the language of the host country. The host country's flag enters last. An athlete representative of that country carries each flag and a name-board bearing its name - again shown in English and/or the language of the host country - walks alongside of each flag. The name-boards shall be provided by the LOC and shall all be of equal size. The name-board-bearers shall be designated by the LOC. The flag bearers place their flags in a semi-circle adjacent to or behind the rostrum and should be accompanied to their reserved seating with their teams.

Note: It is important to note that whilst different parades of athletes will be considered, at least one athlete from each country must march. Athlete involvement in this protocol element is essential.

4 Official speeches

The President of the LOC gives a brief speech wherein he/she thanks the athletes and volunteers and concludes with inviting the Virtus representative to the stage.

Immediately after the address by the president of the LOC, the representative of Virtus gives the closing speech of the Championships and declares the close of the Championships.

5 Lowering of the Virtus flag

SECTION 4: POLICIES

4.20 PROTOCOL GUIDE

While the Virtus anthem is being played, the Virtus flag is slowly lowered from the flagpole and carefully folded in a dignified manner at the base of the pole and carried out of the venue.

6 Closing

Without any further comment or speech, the highest official representative of the host city/country then declares the Championships closed by saying: *"I declare closed the (year) (Virtus sport name) Championships or [Regional] Championships"* (e.g., "I declare closed the 2018 Virtus Tennis World Championships")

During the entire period of the Virtus Championships, including all ceremonies, no speeches of political nature may be held by any representative of any government or other public authority, nor by any other politician, in any venue placed under the responsibility of the LOC. During the Opening and Closing Ceremony, only the Virtus representative, the LOC President and the mayor of the host city are entitled to deliver short addresses.

8. MEDAL CEREMONIES

- 8.1.1. The purpose of the medal ceremonies is to award with honour and circumstance the athletes who have won a medal during the Championships or Global Games and to make the moment memorable and meaningful.
- 8.1.2. Medal ceremonies usually take place at the conclusion of each sport event directly at the venue in order to present the medals and flowers to the athletes.  - 8.2.5. The podium design (including drawings and measurements) must be submitted to Virtus for approval no later than six (6) months prior to the commencement of the Championships. Special consideration shall be given to the backdrop of the medal ceremony location, such as buildings or branding that is not related to the competition. Ideally, a backdrop will be designed and produced which will carry the Virtus logo and social media information.

Example podium including decoration, flowers and backdrop. Note: The name of the competition is not correct in this case, but must be correct on all branded materials related to the competition.

8.6. Medal and flower presenters

- 8.6.1. For each medal ceremony held during the Championships, one (1) medal presenter and one (1) flower presenter is identified. Medals will be awarded in the order of bronze, silver and gold. There will be no variation of this rule.

The presenter shall hang the medal around the winner's neck. Then the flower presenter presents the winner with a bouquet of flowers.

For cycling, a rainbow jersey will also be presented to the winner by the same presenter who gave them their medal. Traditionally, the presenter places the jersey over the athlete's head but this is flexible depending on the athlete.

For football, the winning team shall also be presented with a trophy. This will be presented to the captain of the winning team after all medals have been awarded.

5 Raising of the national flags and playing of the gold medallist's national anthem

The flag of the winner's delegation shall be hoisted up the central flagpole, and those of the second and the third-placed competitors up adjoining flagpoles to the right and left of the central flagpole at equal height, slightly lower than the central, champion's flag, looking towards the arena. All flags should be of uniform size, usually 1.5m in height and 2.25m in length (2:3 ratio), with horizontal orientation.

While the (abbreviated, in a recording version of no more than 75 seconds, no live performances by an orchestra and/or singers) anthem of the winner's delegation is played, the medal winners face the flags.

The location of the Victory Ceremony flags should be in a location that is both visible to the athletes and the spectators. The location of the Victory Ceremony flags should be approved by Virtus or the Virtus Official Representative.
